

It should be understood that Industrial Rope Access involves a certain amount of physical and mental exertion.

Ideally employees should be in possession of an applicable full industrial medical certificate. However a declaration to confirm you are free of the contra indications stated and that there is no other reason why you should not be employed.

If the answer is yes to any of the questions on this form, please give full details in the space provided of the dates, duration and outcome of the illness or condition.

Have you ever had:	*delete as applicable	Addition information to "yes" response
Asthma, chest pain, heart condition or raised blood pressure?	*Yes/No	
Epilepsy, fits, blackouts, giddiness or difficulty with balance?	*Yes/No	
Depression, mental illness or nervous breakdown?	*Yes/No	
Fear of heights?	*Yes/No	
Back trouble?	*Yes/No	
Alcohol or drug dependence?	*Yes/No	
Diabetes ?	*Yes/No	
Dermatitis or skin trouble?	*Yes/No	
Any other current or recent medical condition or treatment which might affect your attendance or performance at work?	*Yes/No	

To the best of my knowledge, I do not suffer from any mental or physical condition which would interfere with my ability to work at height in a satisfactory and safe manner, or put myself or others at risk through my participation in rope access activities.
